

## Christine Chang

Senior policy  
advisor on  
innovation and  
entrepreneurship

Finland

I am a senior advisor with 10 years of experience in the policy areas of innovation and entrepreneurship. Operating in Helsinki-Uusimaa, the capital region of Finland, I collaborate with international actors representing public, private and educational sectors in Europe to promote and to design better local and regional policies supporting innovation and entrepreneurship education for young people. It covers a wide spectrum of policy intervention, from policy regulation, funding support, entrepreneurship education to innovation services.

Since 2016 I have served as a jury member to develop fifteen innovation and entrepreneurship ecosystems in European regions, including Berlin, Helsinki, Dublin and Valencia.
